

# IRON MIKE TO COACH ARRINGTON VIPS.

"When Arrington Travel's VIP clients need a luxury coach to get around Chicago, I insist on Ditka's Iron Mike Limousine Service. Because when it comes to demanding and delivering excellence in client service, there's a little bit of Iron Mike in all of us at Arrington Travel.

"Treating every corporate traveler like a VIP while holding down corporate T&E is the benchmark of Arrington service. It's the single most important reason why Arrington has grown to be a \$100 million travel management agency with thousands of satisfied clients coast-to-coast. And it's the

reason why, whether you need a dependable luxury coach or a consistently lower-than-coach fare, you'll always score bottom-line results with the Arrington team. And you can call me on that. 312/726-4900. Ask for me, Mike Arrington."
